Education

J. C. Bose University of Science and Technology , Faridabad   **October 2022 - June 2026**
Bachelor of Technology in Computer Science Engineering(CGPA of 8.0)   *Haryana, India*
Relevant Coursework: *Data Structures & Algorithms, Operating Systems, Computer Networks, DBMS*

Experience

We Play India   **Sep 2024 – Jan 2025**
Frontend Developer Intern (Founding Member)   *Jaipur, India*
- Developed and deployed a full-stack furniture e-commerce site using the **MERN** stack with responsive UI and optimized checkout flow.
- Implemented bulk product upload via **CSV**, reducing manual entry by **80%** and improving admin efficiency.
- Contributed to the company's **esports admin** panel with user management and integrated **Cloudinary** for secure, fast image uploads and storage.

FREELANCE EXPERIENCE   **Jan 2025 – Present**
Freelance Full Stack Developer   *Remote*
- **GallyBajar (E-commerce):** Built a full **MERN** stack platform with user, seller, and admin dashboards, bulk **CSV** uploads, **Cashfree payments,** and invoice generation.
- **Anil Dhyani & Assosiates. (Law Firm):** Delivered a responsive legal services website with a **Quill.js blog** and admin panel for content management.
- **VISYN (Marketing Agency):** Created a complete landing site showcasing services, pricing plans, AR capabilities, blog, and **SEO** optimization.

Projects

CoSkill – Skill Sharing App / React Native, Node.js, MongoDB, Express Js, Redis / Youtube Demo
- Built a platform to match users based on mutual skill interests with **location-based** suggestions and connection.
- Integrated mock **interview scheduling**, session feedback, trending skills, and active user tracking.
- Used **Redis** caching to reduce repeated DB hits and improve API response times for frequently accessed data.

EdTech Website / MongoDB , ReactJs, NodeJs and ExpressJs / **link**
- Built a full-stack platform for course browsing and secure payments via **Razorpay.**
- Developed separate student and instructor dashboards for role-based access and features.
- Enabled profile management, password reset, and course creation/editing for instructors.

Friendify – Social Media / MongoDB , ReactJs, NodeJs and ExpressJs / **link**
- Built a social media app with posting, comments, likes, follow/unfollow, and real-time chat using **WebSocket.**
- Integrated secure authentication with a responsive UI and clean UX to enhance engagement and usability.

Profile Links

- LeetCode **:**   devrahuljourney (450+ Problems, 2 Star)
- GeeksForGeeks :   devrahuljourney (300+ Problems, 1000+ Score)

Technical Skills
